Slow Rollin River Blues Lyrics

by Eric Noden

Hey, now river
rollin' slow,
Take my worries
where you go

Hey, now river
cool and kind,
Ease the troubles
in my mind

"Slow Rollin' River Blues" is a one-chord song in the key of E. This style is inspired by some of my favorite guitarists, including John Lee Hooker, Dr. Ross, and R.L. Burnside and Jessie Mae Hemphill.
